But manual focusing wasn't quite the issue that it often is on other AF SLR's. Not only is the viewfinder and matte screen particularly clear on the N2020, but the camera offers a pair of focusing assist "arrow" lamps as well as a focus confirmation indicator. With a nice bright lens like the 50mm f/1.8, focusing was a pretty easy task for my purposes, but I notice that it's a bit more ...

Where To Download Nikon N2020 Manual

The Nikon N2020 has a hybrid design that still has familiar design elements from the manual focus era like a shutter speed dial and manual rewind knob. Upon holding the N2020, it certainly feels light weight, as was typical of most cameras from 1986, but there was also a certain familiarity in the design that later plastic Nikons lacked. For one, this model still had the original non ...

Focus Assist: For most manual focus Nikon lenses, the N2020 can use its autofocus sensor to “assist.” Through the arrows and circle at the bottom of the viewfinder, half-pressing the shutter button will activate the sensor. When the center circle turns “green” the lens is in focus. Focus assist is really a great feature – and it made its way into most subsequent higher-end Nikon film SLRs.
