The Philips 42PF9631 is the latest evolution of the 42" plasma TV that Philips has had for 8 years. Over that time, the price has declined from \$10,000 to under \$2,000. But the best thing has been that Philips has continually refined the product, worked out the bugs, and produced a solid HDTV that also shows standard definition (SD) very well.

Philips has outdone themselves with this 43 inch Andriod Smart Tv. If your not the best person with technology than this is a great tv to purchase. It was very simple to set up. The tv is pretty lightweight and I had no issue lifting it by myself, but I did end up having an extra set of hands to be on the safe side.
