The thing about the PhD research proposal is that you have to encapsulate everything that you want to accomplish, communicate in a concise way what you want to do, the resources that it will require, and finally you have to convince the reader of the viability and necessity of the project. It's difficult to know where, to begin with writing something like this, but with the help of a PhD ...

Nour Al Hassan, the founder and CEO faced the challenge of how best to incentivize and motivate an entirely remote workforce of highly-educated mothers working primarily project-to-project. In this case, students will discuss strategies for attracting, motivating, and retaining contract workers and employees—like Al Hassan's—who complete their work entirely from home. This case allows ...

[Economics | Undergraduate Study](#)

With hindsight, we can quickly see the problem: if adjustment costs are small, and each firm in the sample is at, or close to its optimum, then the in-sample dispersion of debt ratios must reflect differences in risk or in other variables affecting optimal capital structure. But then MM's Proposition I cannot be tested unless the effects of risk and other variables on firm value can be ...
